

## TMEM165-transmembrane protein 165 Gene

Reference: PTXBC003545

|                |                                                                                                                                           |                     |                |
|----------------|-------------------------------------------------------------------------------------------------------------------------------------------|---------------------|----------------|
| Product type:  | DNA                                                                                                                                       | Storage Condition:  | -20°C          |
| Size/Quantity: | 2 ug                                                                                                                                      | Delivery Condition: | +4°C, Blue Ice |
| Synonyms       | CDG2K; FT27; GDT1; TMPT27; TPARG; transmembrane protein 165; TPA regulated locus; transmembrane protein PT27; transmembrane protein TPARG |                     |                |
