

PIGH-phosphatidylinositol glycan anchor biosynthesis, class H Gene

Reference: PTXBC004100

Product type:	DNA	Storage Condition:	-20°C
Size/Quantity:	2 ug	Delivery Condition:	+4°C, Blue Ice
Synonyms	GPI-H; phosphatidylinositol N-acetylglucosaminyltransferase subunit H; PIG-H; phosphatidylinositol-glycan biosynthesis, class H protein; phosphatidylinositol glycan anchor biosynthesis class H		

For research use only.

GENE DESCRIPTION	phosphatidylinositol glycan anchor biosynthesis, class H
GENE ID	5283
ORIGIN SPECIES	Human
ACCESSIONS	BC004100
VECTOR	pDONR223
NCBI SYMBOL	PIGH
LENGTH	ProteoGenix bp
SEQUENCE PRIMERS	Forward primer M13R (5'→3'): GTAAAACGACGGCCAGT Reverse primer T7P (5'→3'): TAATACGACTCACTATAGG

ORF (Only for reference, product provided without STOP codon)
