

## UBASH3B-ubiquitin associated and SH3 domain containing, B Gene

Reference: PTXBC007541

|                |                                                                                                                                                                                                                                                                 |                     |                |
|----------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------|----------------|
| Product type:  | DNA                                                                                                                                                                                                                                                             | Storage Condition:  | -20°C          |
| Size/Quantity: | 2 ug                                                                                                                                                                                                                                                            | Delivery Condition: | +4°C, Blue Ice |
| Synonyms       | STS-1; STS1; TULA-2; TULA2; p70; ubiquitin-associated and SH3 domain-containing protein B; Cbl-interacting protein Sts-1; SH3 domain-containing 70 kDa protein, suppressor of T-cell receptor signaling 1, nm23-phosphorylated unknown substrate; T-cell ubiqui |                     |                |
