

## MYCBP-c-myc binding protein Gene

Reference: PTXBC008686

|                |                                                                                              |                     |                |
|----------------|----------------------------------------------------------------------------------------------|---------------------|----------------|
| Product type:  | DNA                                                                                          | Storage Condition:  | -20°C          |
| Size/Quantity: | 2 ug                                                                                         | Delivery Condition: | +4°C, Blue Ice |
| Synonyms       | AMY-1; C-Myc-binding protein; associate of myc-1; c-myc binding protein; MYC binding protein |                     |                |

**For research use only.**
