

## MORN4-MORN repeat containing 4 Gene

Reference: PTXBC010230

|                |                                                                                                                                                         |                     |                |
|----------------|---------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------|----------------|
| Product type:  | DNA                                                                                                                                                     | Storage Condition:  | -20°C          |
| Size/Quantity: | 2 ug                                                                                                                                                    | Delivery Condition: | +4°C, Blue Ice |
| Synonyms       | C10orf83; bA548K23.4; rtp; MORN repeat-containing protein 4; 44050 protein; protein 44050; retinophilin; retinophilin homolog; MORN repeat containing 4 |                     |                |
