

## PELI1-pellino homolog 1 (Drosophila) Gene

Reference: PTXBC011419

|                |                                                                                                                                                                                                 |                     |                |
|----------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------|----------------|
| Product type:  | DNA                                                                                                                                                                                             | Storage Condition:  | -20°C          |
| Size/Quantity: | 2 ug                                                                                                                                                                                            | Delivery Condition: | +4°C, Blue Ice |
| Synonyms       | E3 ubiquitin-protein ligase pellino homolog 1; pellino homolog 1; pellino-1; pellino-related intracellular-signaling molecule; protein pellino homolog 1; pellino E3 ubiquitin protein ligase 1 |                     |                |
