

## SRC-v-src sarcoma (Schmidt-Ruppin A-2) viral oncogene homolog (avian) Gene

Reference: PTXBC011566

|                |                                                                                                                                                                                                                                                                 |                     |                |
|----------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------|----------------|
| Product type:  | DNA                                                                                                                                                                                                                                                             | Storage Condition:  | -20°C          |
| Size/Quantity: | 2 ug                                                                                                                                                                                                                                                            | Delivery Condition: | +4°C, Blue Ice |
| Synonyms       | SRC proto-oncogene, non-receptor tyrosine kinase; v-src avian sarcoma (Schmidt-Ruppin A-2) viral oncogene homolog; tyrosine-protein kinase SRC-1; tyrosine kinase pp60c-src; protooncogene SRC, Rous sarcoma; proto-oncogene c-Src; proto-oncogene tyrosine-pro |                     |                |
