

## C20orf30-chromosome 20 open reading frame 30 Gene

Reference: PTXBC011990

|                |                                                                                                     |                     |                |
|----------------|-----------------------------------------------------------------------------------------------------|---------------------|----------------|
| Product type:  | DNA                                                                                                 | Storage Condition:  | -20°C          |
| Size/Quantity: | 2 ug                                                                                                | Delivery Condition: | +4°C, Blue Ice |
| Synonyms       | UPF0414 transmembrane protein C20orf30; C20orf30; HSPC274; dJ1116H23.2.1; transmembrane protein 230 |                     |                |

**For research use only.**
