

## ACAD9-acyl-Coenzyme A dehydrogenase family, member 9 Gene

Reference: PTXBC013354

|                |                                                                                                                                                                                                     |                     |                |
|----------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------|----------------|
| Product type:  | DNA                                                                                                                                                                                                 | Storage Condition:  | -20°C          |
| Size/Quantity: | 2 ug                                                                                                                                                                                                | Delivery Condition: | +4°C, Blue Ice |
| Synonyms       | NPD002; acyl-CoA dehydrogenase family member 9, mitochondrial; acyl-Coenzyme A dehydrogenase family, member 9; very-long-chain acyl-CoA dehydrogenase VLCAD; acyl-CoA dehydrogenase family member 9 |                     |                |
