

MTF1-metal-regulatory transcription factor 1 Gene

Reference: PTXBC014454

Product type:	DNA	Storage Condition:	-20°C
Size/Quantity:	2 ug	Delivery Condition:	+4°C, Blue Ice
Synonyms	MTF-1; ZRF; metal regulatory transcription factor 1; MRE-binding transcription factor; MRE-binding transcription factor-1; metal-responsive transcription factor 1; transcription factor MTF-1; zinc regulatory factor		

For research use only.

GENE DESCRIPTION	metal-regulatory transcription factor 1
GENE ID	4520
ORIGIN SPECIES	Human
ACCESSIONS	BC014454
VECTOR	pDONR223
NCBI SYMBOL	MTF1
LENGTH	ProteoGenix bp
SEQUENCE PRIMERS	Forward primer M13R (5'→3'): GTAAACGACGGCCAGT Reverse primer T7P (5'→3'): TAATACGACTCACTATAGG

ORF (Only for reference, product provided without STOP codon)
