### NT5E-5'-nucleotidase, ecto (CD73) Gene

Reference: PTXBC015940

|                |                                                                                                                             |                     |                |
|----------------|-----------------------------------------------------------------------------------------------------------------------------|---------------------|----------------|
| Product type:  | DNA                                                                                                                         | Storage Condition:  | -20°C          |
| Size/Quantity: | 2 ug                                                                                                                        | Delivery Condition: | +4°C, Blue Ice |
| Synonyms       | CALJA; E5NT; NT5; NTE; eNT; 5'-nucleotidase; 5'-NT; Purine 5-Prime-Nucleotidase; ecto-5'-nucleotidase; 5'-nucleotidase ecto |                     |                |
