

AGTRAP-angiotensin II receptor-associated protein Gene

Reference: PTXBC017328

Product type:	DNA	Storage Condition:	-20°C
Size/Quantity:	2 ug	Delivery Condition:	+4°C, Blue Ice
Synonyms	ATRAP; type-1 angiotensin II receptor-associated protein; AT1 receptor-associated protein; ATI receptor-associated protein; angiotensin II, type I receptor-associated protein; angiotensin II receptor associated protein		

For research use only.

GENE DESCRIPTION	angiotensin II receptor-associated protein
GENE ID	57085
ORIGIN SPECIES	Human
ACCESSIONS	BC017328
VECTOR	pDONR223
NCBI SYMBOL	AGTRAP
LENGTH	ProteoGenix bp
SEQUENCE PRIMERS	Forward primer M13R (5'→3'): GTAAAACGACGGCCAGT Reverse primer T7P (5'→3'): TAATACGACTCACTATAGG

ORF (Only for reference, product provided without STOP codon)
