

## DKAKD-dephospho-CoA kinase domain containing Gene

Reference: PTXBC018132

|                |                                                                                        |                     |                |
|----------------|----------------------------------------------------------------------------------------|---------------------|----------------|
| Product type:  | DNA                                                                                    | Storage Condition:  | -20°C          |
| Size/Quantity: | 2 ug                                                                                   | Delivery Condition: | +4°C, Blue Ice |
| Synonyms       | dephospho-CoA kinase domain-containing protein; dephospho-CoA kinase domain containing |                     |                |

**For research use only.**
