

## TTC25-tetratricopeptide repeat domain 25 Gene

Reference: PTXBC025390

|                |                                                                                                        |                     |                |
|----------------|--------------------------------------------------------------------------------------------------------|---------------------|----------------|
| Product type:  | DNA                                                                                                    | Storage Condition:  | -20°C          |
| Size/Quantity: | 2 ug                                                                                                   | Delivery Condition: | +4°C, Blue Ice |
| Synonyms       | CILD35; tetratricopeptide repeat protein 25; TPR repeat protein 25; tetratricopeptide repeat domain 25 |                     |                |

**For research use only.**
