

## FIBIN-fin bud initiation factor homolog (zebrafish) Gene

Reference: PTXBC026873

|                               |                                                                                  |                     |                |
|-------------------------------|----------------------------------------------------------------------------------|---------------------|----------------|
| Product type:                 | DNA                                                                              | Storage Condition:  | -20°C          |
| Size/Quantity:                | 2 ug                                                                             | Delivery Condition: | +4°C, Blue Ice |
| Synonyms                      | fin bud initiation factor homolog; fin bud initiation factor homolog (zebrafish) |                     |                |
| <b>For research use only.</b> |                                                                                  |                     |                |
