

## C11orf30-chromosome 11 open reading frame 30 Gene

Reference: PTXBC029375

|                |                                                                                                                                    |                     |                |
|----------------|------------------------------------------------------------------------------------------------------------------------------------|---------------------|----------------|
| Product type:  | DNA                                                                                                                                | Storage Condition:  | -20°C          |
| Size/Quantity: | 2 ug                                                                                                                               | Delivery Condition: | +4°C, Blue Ice |
| Synonyms       | C11orf30; GL002; BRCA2-interacting transcriptional repressor EMSY; protein EMSY; EMSY, BRCA2 interacting transcriptional repressor |                     |                |
