

## UGT2B7-UDP glucuronosyltransferase 2 family, polypeptide B7 Gene

Reference: PTXBC030974

|                |                                                                                                                                                                                                                                                                 |                     |                |
|----------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------|----------------|
| Product type:  | DNA                                                                                                                                                                                                                                                             | Storage Condition:  | -20°C          |
| Size/Quantity: | 2 ug                                                                                                                                                                                                                                                            | Delivery Condition: | +4°C, Blue Ice |
| Synonyms       | UDPGT 2B7; UDPGT 2B9; UDPGT2B7; UDPGTH2; UDPGTh-2; UGT2B9; UDP-glucuronosyltransferase 2B7; 3,4-catechol estrogen specific; 3,4-catechol estrogen-specific UDPGT; UDP glucuronosyltransferase 2 family, polypeptide B7; UDP-glucuronosyltransferase 2B9; UDP-gl |                     |                |
