

IFT20-intraflagellar transport 20 homolog (Chlamydomonas) Gene

Reference: PTXBC038094

Product type:	DNA	Storage Condition:	-20°C
Size/Quantity:	2 ug	Delivery Condition:	+4°C, Blue Ice
Synonyms	intraflagellar transport protein IFT20; intraflagellar transport protein 20 homolog; intraflagellar transport 20 homolog; intraflagellar transport 20		

For research use only.

GENE DESCRIPTION	intraflagellar transport 20 homolog (Chlamydomonas)
GENE ID	90410
ORIGIN SPECIES	Human
ACCESSIONS	BC038094
VECTOR	pDONR223
NCBI SYMBOL	IFT20
LENGTH	ProteoGenix bp
SEQUENCE PRIMERS	Forward primer M13R (5'→3'): GTAAAACGACGGCCAGT Reverse primer T7P (5'→3'): TAATACGACTCACTATAGG

ORF (Only for reference, product provided without STOP codon)
