

## MTFR1-mitochondrial fission regulator 1 Gene

Reference: PTXBC043498

|                |                                                                                            |                     |                |
|----------------|--------------------------------------------------------------------------------------------|---------------------|----------------|
| Product type:  | DNA                                                                                        | Storage Condition:  | -20°C          |
| Size/Quantity: | 2 ug                                                                                       | Delivery Condition: | +4°C, Blue Ice |
| Synonyms       | FAM54A2; mitochondrial fission regulator 1; chondrocyte protein with a poly-proline region |                     |                |

**For research use only.**
