## RHOJ-ras homolog gene family, member J Gene

Reference: PTXBC062575

|                |                                                                                                                                                                                                                                                 |                     |                |
|----------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------|----------------|
| Product type:  | DNA                                                                                                                                                                                                                                             | Storage Condition:  | -20°C          |
| Size/Quantity: | 2 ug                                                                                                                                                                                                                                            | Delivery Condition: | +4°C, Blue Ice |
| Synonyms       | rho-related GTP-binding protein RhoJ; ARHJ; RASL7B; TC10B; RAS-like, family 7, member B; TC10-like Rho GTPase; ras homolog gene family, member J; ras-like protein family member 7B; tc10-like GTP-binding protein; ras homolog family member J |                     |                |
