

## SNX20-sorting nexin 20 Gene

Reference: PTXBC063423

|                               |                                                                                     |                     |                |
|-------------------------------|-------------------------------------------------------------------------------------|---------------------|----------------|
| Product type:                 | DNA                                                                                 | Storage Condition:  | -20°C          |
| Size/Quantity:                | 2 ug                                                                                | Delivery Condition: | +4°C, Blue Ice |
| Synonyms                      | SLIC1; sorting nexin-20; selectin ligand-interactor cytoplasmic 1; sorting nexin 20 |                     |                |
| <b>For research use only.</b> |                                                                                     |                     |                |
