

## NPBWR2-neuropeptides B/W receptor 2 Gene

Reference: PTXBC067481

|                |                                                                                                                                    |                     |                |
|----------------|------------------------------------------------------------------------------------------------------------------------------------|---------------------|----------------|
| Product type:  | DNA                                                                                                                                | Storage Condition:  | -20°C          |
| Size/Quantity: | 2 ug                                                                                                                               | Delivery Condition: | +4°C, Blue Ice |
| Synonyms       | neuropeptides B/W receptor type 2; G-protein coupled receptor 8; opioid-somatostatin-like receptor 8; neuropeptides B/W receptor 2 |                     |                |

**For research use only.**
