## LRRK1-leucine-rich repeat kinase 1 Gene

Reference: PTXBC068080

|                |                                                                                                   |                     |                |
|----------------|---------------------------------------------------------------------------------------------------|---------------------|----------------|
| Product type:  | DNA                                                                                               | Storage Condition:  | -20°C          |
| Size/Quantity: | 2 ug                                                                                              | Delivery Condition: | +4°C, Blue Ice |
| Synonyms       | RIPK6; Roco1; leucine-rich repeat serine/threonine-protein kinase 1; leucine rich repeat kinase 1 |                     |                |
