

PIGL-phosphatidylinositol glycan anchor biosynthesis, class L Gene

Reference: PTXBC068197

Product type:	DNA	Storage Condition:	-20°C
Size/Quantity:	2 ug	Delivery Condition:	+4°C, Blue Ice
Synonyms	CHIME; N-acetylglucosaminyl-phosphatidylinositol de-N-acetylase; N-acetylglucosaminylphosphatidylinositol deacetylase; PIG-L; phosphatidylinositol glycan, class L; phosphatidylinositol-glycan biosynthesis class L protein; phosphatidylinositol glycan ancho		

For research use only.

GENE DESCRIPTION	phosphatidylinositol glycan anchor biosynthesis, class L
GENE ID	9487
ORIGIN SPECIES	Human
ACCESSIONS	BC068197
VECTOR	pDONR223
NCBI SYMBOL	PIGL
LENGTH	ProteoGenix bp
SEQUENCE PRIMERS	Forward primer M13R (5'→3'): GTAAACGACGGCCAGT Reverse primer T7P (5'→3'): TAATACGACTCACTATAGG

ORF (Only for reference, product provided without STOP codon)
