

## SLC29A3-solute carrier family 29 (nucleoside transporters), member 3 Gene

Reference: PTXBC120996

|                |                                                                                                                                                                                                                                             |                     |                |
|----------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------|----------------|
| Product type:  | DNA                                                                                                                                                                                                                                         | Storage Condition:  | -20°C          |
| Size/Quantity: | 2 ug                                                                                                                                                                                                                                        | Delivery Condition: | +4°C, Blue Ice |
| Synonyms       | ENT3; HCLAP; HJCD; PHID; equilibrative nucleoside transporter 3; solute carrier family 29 (equilibrative nucleoside transporter), member 3; solute carrier family 29 (nucleoside transporters), member 3; solute carrier family 29 member 3 |                     |                |
