

## CD1C-CD1c molecule Gene

Reference: PTXBC126465

|                |                                                                                                                                                                      |                     |                |
|----------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------|----------------|
| Product type:  | DNA                                                                                                                                                                  | Storage Condition:  | -20°C          |
| Size/Quantity: | 2 ug                                                                                                                                                                 | Delivery Condition: | +4°C, Blue Ice |
| Synonyms       | CD1c molecule; cortical thymocyte antigen CD1C; CD1C antigen, c polypeptide; T-cell surface glycoprotein CD1c; BDCA1; CD1; CD1A; differentiation antigen CD1-alpha-3 |                     |                |
