

### IGFL3-IGF-like family member 3 Gene

Reference: PTXBC130593

|                |                                                                                       |                     |                |
|----------------|---------------------------------------------------------------------------------------|---------------------|----------------|
| Product type:  | DNA                                                                                   | Storage Condition:  | -20°C          |
| Size/Quantity: | 2 ug                                                                                  | Delivery Condition: | +4°C, Blue Ice |
| Synonyms       | UNQ483; insulin growth factor-like family member 3; RPRC483; IGF like family member 3 |                     |                |
